To Honorable Chair Ridley and Members of the Transportation and Infrastructure Committee

Subject Dallas–Fort Worth International Airport Board of Directors (Vacant Position 9) Unexpired 2024-2026 term (expiring January 31, 2026)

On November 17, 2025, I was informed that Gloria Tarpley, the City of Dallas appointee serving in Position 09 on the DFW Airport Board of Directors, submitted her resignation effective November 4, 2025. As a result, the City of Dallas now has a vacancy on the Board. The unexpired term for Position 9 expires January 31, 2026.

The City Council has two options:

- 1) Leave Position 9 vacant for the remainder of the term; or
- 2) Appoint an individual (Monica Lira Bravo) to serve a partial term beginning on the date of appointment (December 10, 2025) and ending January 31, 2026.

The Transportation and Infrastructure Committee (TRNI) will be asked at its December 2, 2025 meeting to review this matter and make a recommendation to the City Council for consideration at the December 10, 2025 Council meeting. Included is the agenda item that will be presented to council at the city council meeting.

Respectfully,

BACKGROUND

The Dallas Fort Worth International Airport Board (DFW) was created by agreement between the City of Dallas and the City of Fort Worth. The Dallas City Council is authorized to appoint six (6) members to the Dallas/Fort Worth International Airport Board (Place Nos. 1, 4, 5, 6, 9 and 11). The terms for Places 1, 5 and 11 expire on January 31st of odd-numbered years; and the terms for Places 4, 6 and 9 expire on January 31st of even-numbered years. SUBJECT **Public Transportation Improvement Projects Update – Fall 2025**

On June 14, 2023, City Council approved Resolution 23-0822, authorizing an Interlocal Agreement (ILA) between the City of Dallas (City) and Dallas Area Rapid Transit (DART) for Public Transportation Improvement (PTI) projects funded by DART's excess sales tax revenue and Regional Transportation Council (RTC) funds, amounting to \$80M. The ILA outlined expectations for the City's project identification, submission, and implementation, as well as the milestones for project reimbursements.

The Transportation and Infrastructure (TRNI) Committee was last briefed on the status of the overall delivery of the PTI program in [February 2025](#). Since that time, several updates have occurred:

- June 2025: DART agreed with the City's request to reprogram the \$250,000 originally slated for a K-12 Student Transit Program to be used as a credit towards the City's FY25-26 Dallas Streetcar operations and maintenance (O&M) obligations. The annual O&M payment was approved by the City Council on [October 22, 2025](#).
- August 2025: City Council approved [Amendment No. 1](#) to the ILA between the City and DART to extend the term of the agreement and associated deadlines by one year, from April 30, 2026 to April 30, 2027.
- October 2025: DART agreed with the City's request to adjust the funding allocations for the Barrier-Free Ramp (PBSWX027) and Reconstruction of 22 Traffic Signals (TRN-SC-05) project. The Barrier-Free Ramp project has been reduced by \$2M and the Traffic Signals Project has been increased by \$2M, to reflect cost savings and increases. This is an administrative change that is now reflected in project documents.

The attached spreadsheet outlines the projects that were approved by DART, their funding levels, and current funding status. The list includes 9 projects; 6 are being administered by the City, and 3 are being administered by DART (highlighted in gray). The Department of Transportation and Public Works is making progress towards implementing the 6 City projects and is adjusting several of the project plans to ensure minimal disruption during the FIFA World Cup 2026.

Staff will provide quarterly updates on the status of the PTI projects in 2026. Please contact Ghassan 'Gus' Khankarli, Director of the Department of Transportation and Public Works, at ghassan.khankarli@dallas.gov, if you have any questions or concerns.
